

Breaking Through the Fortified Base Camp

The psychological illness that one cannot control is called “mental illness”. Everyone’s life holds more or less some sort of mental illness phenomenon. With end times approaching, mental patients and mental illness phenomenon increases. Such phenomenon is closely related to the spiritual environment of the end times. Only the bible tells us the source of mental illness and its healing method. If it is not through the precious blood of Christ and the great power of the Holy Spirit which the Word of God speaks of, no mental illness can receive fundamental healing.

1. Cannot Be Controlled By One Himself

- 1) Related to bondage, oppression: melancholy, victimization, autism, suicidal phenomenon
- 2) Related to involuntary nervous system: obsessive-compulsive disorder, panic disorder, borderline personality disorder, insomnia, schizophrenia, epilepsy
- 3) Related to vicious nature: sexual impulse, sexual mania, habitual theft, lying, gambling, drug abuse, alcoholism
- 4) Related to harassment of evil spirits: nightmares, fantasies, hallucinations, imaginary voices, communion with demons, demonic rituals
- 5) Other abnormal phenomenon of the heart: feelings of compulsion, anger, hatred, excitement, anxiety

2. The background always has deeply-rooted reason

- 1) All have spiritual cause <2Co 10:4; Mt 2:28-29, 43-45; Ac 16:16-18; Mk 5:1-10>
- 2) Often happens to people, family and region with frequent idol worshipping, evil rituals <Ex 20:4-5>
- 3) Also very closely related to sinning and the doing of unclean things <Ge 4:7; 1Jn3:8>
- 4) People who grew up in stringent religions, legalistic living, unusual ideology or teachings <Ro 7:18-24>
- 5) Some mental illnesses materialize because people having the above-mentioned iniquitous spiritual backgrounds are suddenly subjected to a blow

3. Need to set up a long-term healing system

- 1) Set up healing, care-group fellowship and system (church, hospital, message-giving minister, household), and to determine whether there’s a need to “segregate”
- 2) “Spiritual healing method” and “medical healing method” to be used, but must be centered on the Word of God
- 3) It is very important that the household (or people who are frequently with the patient) have to first be healed and cooperate together
- 4) Arrange healthy and blessed environments (visual environments, audio environments, and get rid of idols and all unclean things)
- 5) Healthy living practices (have regularity in eating and sleeping, adequate exercises, socializing with relatives and friends, blessed schedule)
- 6) Moderated work and responsible living will bring about positive results

4. There is no healing without the Word of God. Healing message must be accurate and have focus

- 1) Get the patient to accept the fact that he has an illness and be willing to get healed <Jn 5:6>
- 2) Give the patient the assurance of definite healing <Mk 10:52; Ac 14:9>
- 3) Without fail, continue to share with the patient “3 central messages”; he will be released the moment he comprehends and understands <Jn 10:10>
 - (1) There’s a deceiver (things of Satan, demon: telling people to disbelieve, sin) <Jn 8:44>
 - (2) Christ’s precious blood (complete solution and recovery) <Jn 14:6>
 - (3) The blessings and promises that the saved receives <2Co 5:17; Eph 1:15-23>
- 4) Must continue to share about the assurance of salvation and the assurance of forgiveness of sins <Jn 5:24, Ro 8:1-2>
- 5) Must continue to share about God’s presence and guidance, and help the patient to affirm <Jn 14:16-20>
- 6) Must continue to share about the reasons “to give thanks for all men and all things and to always rejoice” <1Th 5:16-18; Php 4:4-7>
- 7) Must get the patient to understand the mystery of the Holy Spirit that moves along each time when he “meditate on God’s Word, pray, praise”, as well as getting him to receive it <Ac 8:14-17>

5. The most important is the faith and spiritual power of the “healing minister” <Ac 16:16-18>

- 1) The minister who deeply believes “Jesus’ power can completely heal”
- 2) The minister who has spiritual percipience and the ability to enjoy curbing demons’ authority
- 3) The minister who through the summation of the cross message, has been equipped with the covenant message of the whole Bible
- 4) The minister who is always Holy Spirit filled through scheduled and continuous prayers, enjoying the power of peace and freedom
- 5) The minister who has sound intellect and healthy character
- 6) The minister who grasps God’s time schedule, calmly progressing on the healing process
- 7) The minister who clearly understands the plan God has for the patient’s household, knowing that the household has to be healed first, and can benefit through their cooperation
